58

Owner: Lois & Robert Sinclair, 84210 Hoover Line, North Part Lot 31, Concession 5, East Wawanosh, Township of North Huron

THAT the Council of the Township of North Huron hereby recommends approval of the Consent Application File# B31-2016, Owner: Lois & Robert Sinclair, 84210 Hoover Line, North Part Lot 31, Concession 5, East Wawanosh, Township of North Huron with the following conditions:

Expiry Period

Conditions imposed must be met within one year of the date of notice of decision, as required by Section 53(41) of the Planning Act, RSO 1990, as amended. If conditions are not fulfilled as prescribed within one year, the application shall be deemed to be refused. Provided the conditions are fulfilled within one year, the application is valid for two years from the date of decision.

Municipal Requirements

All municipal requirements be met to the satisfaction of the Township including servicing connections if required, cash-in-lieu of park dedication, property maintenance, compliance with zoning by-law provisions for structures, and any related requirements, financial or otherwise.

The subject parcel be numbered and addressed for 911 purposes to the satisfaction of the Township.

The sum of \$500 be paid to the Township as cash-in-lieu of parkland.

Survey

Provide to the satisfaction of the County and the Township:

- a) a survey showing the lot lines of the severed parcel and the location of any buildings thereon, and*
- b) a reference plan based on the approved survey*

Zoning

Where a violation of any municipal zoning by-law is evident, the appropriate minor variance or rezoning be obtained to the satisfaction of the Township.

TOWNSHIP OF NORTH HURON

REPORT

Item No.

REPORT TO: Reeve Vincent and Members of Council
PREPARED BY: Kathy Adams Clerk
DATE: 06/09/2016
SUBJECT: Clerk's Department Update
ATTACHMENTS: Summer 2016 at the North Huron Museum

RECOMMENDATION:

THAT the Council of the Township of North Huron hereby receives the September 6, 2016 report of the Clerk's Department activities for information purposes.

EXECUTIVE SUMMARY

The Clerk provides periodic updates to Council on the activities of the Clerk's Department.

DISCUSSION

1. Administration

Preparation of agenda, minutes and by-laws in eSCRIBE for meetings and postings on website.

Processing planning applications and zoning applications requests from lawyers for property transactions.

Processing invoices and contracts for purchases of plots and services in Cemeteries.

Staff training on establishing processes for inputting records into record management system and printing of labels for files.

2. Child Care Services

General

We are extremely full this summer and have found it challenging to staff to ensure everyone gets vacation.

We have submitted our license renewals for all our programs for September.

The cost of licences have increased from \$10.00 to \$140.00 for Day Care, \$170.00 for Maitland River and \$120.00 for Early Learning (Sacred Heart).

Phase Two of Early Learning and Care Act should be passed in August 2016. I have been reading, learning and implementing more new changes. With all these changes it is more challenging to meet license requirements, and I am hopeful all will go well for implementation in September.

Day Care

We are operating with 8-10/10 infants, 23/25 toddlers and 32/32 preschoolers.

We are already full in infants for September and have parents putting their children on wait lists for February and March 2017.

Usually in summer we drop to about half our regular numbers. This has been a big summer.

Our Clerical Assistant is organizing and reviewing accounts. Our goal is to have accounts go out on a regular basis.

With new legislation I have had to develop new tools for tracking first aid and criminal records. We are required to have a Criminal Record and Vulnerable screen now every five years. We are also required to sign an annual declaration within two weeks of the original CRV. All staff working in the Centre must have First aid and CRV.

Early Learning Site

We will have a steady group of 16 at this location all summer.

Before and After Maitland River

Program finished for the summer and attendance looking steady for the fall.

Before and After Sacred Heart

Program finished for the summer and fall attendance looks good.

Early Years

Offering outdoor summer programs in several communities.

3. Health & Safety

Review of Health and Safety policy.

Working on risk assessments with assistance from Morris-Turnberry and Shared Services staff. Barb Black and Pat Newson have recently completed the training requirements for the Certification Program: Part One – Basic Certification and Part Two – Workplace-Specific Hazard Training. Under the Health and Safety Policy & Procedure, the Township of North Huron provides certified member training to maintain a minimum of four certified workers and two certified management members at all times on the Joint Health & Safety Committee.

4. Information Technology.

Installed equipment in Morris-Turnberry office to support cross-site access to required software.

Rewired majority of Morris-Turnberry office to eliminate unnecessary switches and improper network cabling.

Significant website updates to Department sections to increase content available to the public.

Phone system adjustments to accommodate change in staff locations.

Deployed updated enterprise email system, migrated mailboxes and decommissioned previous servers.

5. North Huron Museum

Kathleen Stennett who was hired this summer as our Museum Assistant Curator ended her employment on August 26, 2016.

Her yearend report is attached for Council's information.

FINANCIAL IMPACT

None of the items in this report have a direct financial impact on the budget.

FUTURE CONSIDERATIONS

No items for further consideration.

RELATIONSHIP TO STRATEGIC PLAN

The Clerk's Department is fiscally responsible and strives for operational excellence.

Summer 2016 at the North Huron Museum

Events

Edwardian Tea

On Friday, May 27th, the Friends of the North Huron Museum put on their Annual Edwardian Tea. The guest speaker this year was Virginia Newell, who gave us a presentation on vintage dolls. We had a good turnout, with approximately 38 guests present. We were given many positive reviews from visitors.

BBQs

This summer, the Friends of the North Huron Museum held multiple BBQs to raise money for the museum. The Huron County Health Unit passed us upon inspection, and we received a great turnout from the public at each event. Between three BBQs, the Friends took in \$536.45, minus expenses for food, etc.

Day Camp Programs

The History of Rock n' Roll

In July, the day camp from North Huron completed a program at the museum during their "Rock n' Roll Fantasy Week." I compiled a presentation to teach the kids about the history of Rock and Roll. We showed the children around the Barn Dance Museum as well, and taught them about the Barn Dance show that used to be on TV on the CKNX station. Bill Farnell also brought in some of his toy instruments and showed them to the kids.

Additionally, we gave the children a tour of the 2nd floor and helped them complete a craft. The 4-6 year-olds decorated toy microphones, and the older children (ages 6 and up) made miniature rock and roll bands out of clothespin dolls. We also did a "Listening to Music Through the Ages" activity, where we set out record players, ipods, sheet music, cassette tapes, and more, to show the children what devices people used to use to listen to music before the age of itunes.

Games of the Past

In August, the day camp from North Huron visited us again during their "Video Game Mania Week." Bill and I took this as an opportunity to teach the children about "Games of the Past." I created a presentation about different games and toys, starting in Ancient Egyptian times, and ending in the Victorian Era. Bill set up a display in the Settlement Room containing board games and toys from the early to mid-1900s. We helped the kids complete either a "marble maze" or a "marble shoot" out of shoe boxes. We then taught them how to play a variety of outdoor and indoor games, including "Hunker Hauser," sack and wheelbarrow races, checkers, "Ludus Romanus," marble games, stilts, and much more! I believe that the children genuinely enjoyed learning about these older games, especially the ones involving marbles! I would highly recommend running this program again in the future.

Gorrie VBS Camp

I also visited a Vacation Bible School day camp in Gorrie one morning in July. Since it was Howick's 160th anniversary this summer, I brought in a collection of "pioneer" artifacts from the museum, along with some photographs and colouring sheets. We discussed what life would have been like in Gorrie 160 years ago, when the area was first being settled. The children really seemed to enjoy the presentation, and I was glad to see so many of them engaged with the topic!

Research Project

This summer I did not complete a research project. Instead, I worked on updating our cataloguing system. I updated our donation and cataloguing forms in a way that would utilize more features on our *Past Perfect* cataloguing computer program. I believe that these changes will be of use in the future, as artifacts in storage will be able to be located much faster, and more background information on items will be recorded for future volunteers and employees.

Attendance Records

Adults (Total): 541

Kids (Total): 131

Day Camp: 114

Events

Edwardian Tea: 38

Alice Munro Master Classes (Alice Munro Festival): 47

Research Appointments / Visits: 36

Volunteers: 198

Barn Dance Museum: 168

Alice Munro Nook: 185

Tourist Info: 25

Total: 566

Extra Jobs

As mentioned above, I worked on updating our cataloguing system in a way that would utilize more features of the *Past Perfect* program. I believe that these changes will help volunteers and staff locate artifacts in storage much faster in the future, as well as provide them with more information on each artifact.

I visited Wingham Community Living, the Braemar Retirement Centre and the Braemar Nursing Home throughout the summer season and completed a variety of educational programs with them. At Community Living, we looked at artifacts and photographs from pioneer times, and experimented with a collection of rubber and notary stamps from the museum. In June at the Braemar Nursing Home, I brought in a collection of artifacts from the early to mid-1900s, and sparked conversation amongst the residents of days from their youth. In August, I visited the Nursing Home again as well as the Retirement Centre, and presented my slide show that I had created for the Wingham day camp on “Games of the Past.”

I put together a “Looking Back - Household Objects from the Past” display in the Settlement Room. I also made a display at the Alice Munro Public Library that featured Edward Farley, Wingham’s first settler.

I also helped with the cataloging of artifacts, research requests sent in to us by the public, and I assisted the Friends of the Museum with their projects. Additionally, I assisted the Alice Munro Festival of the Short Story committee during the festival in June.

I highly enjoyed my second summer here at the North Huron Museum, and I am very grateful for being chosen again for this employment opportunity. As always, the staff and volunteers were very helpful, and made my summer even more fun! Over these past two years, I have learned a lot about my home and how North Huron grew into what it is today. I was able to build upon my experience in areas such as public history, curating, archiving, education, and research. I am very hopeful that the skills I have gained from this experience will help me in my future endeavors and career goals.

I strongly believe that museums as well as other cultural centres in Canada serve a multitude of purposes to the public. They provide a great amount of education to both young and old, help us connect with our past, find missing pieces to our family tree, preserve artifacts, and much more. That is why communities need to make it a priority to preserve their local histories and make it available to the public. The Canadian government on all levels should see how important it is to invest our time and money into national and world history. Museums play a *huge* role in doing this, and I hope that when I am done my post-secondary education, there will be enough opportunities for me to assist in doing this as well.

I am so grateful to everyone that made it possible for me to work here this summer, as well as the last.

Best of luck to the North Huron Municipal Staff and its endeavours in the future,

Kathleen Stennett

TOWNSHIP OF NORTH HURON

REPORT

Item No.

REPORT TO: Reeve Vincent and Members of Council
PREPARED BY: Pat Newson, Director of Recreation and Facilities
DATE: 06/09/2016
SUBJECT: September Activity Report 2016
ATTACHMENTS: [Click here to enter text.](#)

RECOMMENDATION:

THAT the Council of the Township of North Huron hereby receive the Activity Report of the Director of Recreation and Facilities, dated September 6, 2016, for information purposes.

EXECUTIVE SUMMARY

The Director of Recreation and Facilities provides a monthly report of department activities and ongoing projects to keep Council informed.

DISCUSSION

Blyth Memorial Community Hall

The project contractor starts work at the site on September 6, 2016. Festival staff will be working to move all furnishings, equipment and artifacts out of the building, while at the same time the contractor is setting up fencing and preparing for site work.

Wingham Town Hall Court Lease

The Township will be renewing the lease with the Province of Ontario for use of the Council Chambers for Wingham Court, one day per month, for a five year term. A By-Law is prepared for first and second reading in the by-law section of this agenda for Council's consideration. The Province will be paying a slight fee increase for the lease; current rate is \$1,200 per annum, the increase will be \$1,320 per annum for 2017 to 2019, and then \$1,440 for 2020 and 2021.

Wingham Airport – Farm Land Lease

The current tenant of the farm land at the Richard W. LeVan Airport has agreed to a renewal and the draft lease will be presented to Council at the September 19 Council meeting.

Recreation Programming

September 6 marks the start of the fall programming season. The department is wrapping up the summer programs and launching a full array of fall programs. The North Huron Recreation and Leisure Guide was distributed August 18-19 and marketing efforts and registrations are on-going.

Blyth Community Centre User Group Meeting

A meeting to invite the Blyth Community Centre users to provide feedback and share ideas has been set for Thursday October 13, 2016 at 7:00pm, in the upstairs hall of the Community Centre. Invitations to each group will be sent out the week of September 5.

Recreation Software

Staff in the recreation department along with Richard Al, have made a recommendation to purchase Legend Recreation Software to replace CLASS Recreation Software currently used in the department. A report is included in this agenda that summarizes the recommendation and staff seek Council’s approval for the purchase.

Upcoming Events/Activities

- Huron County Pioneer Threshers – September 8-11, 2016
- Wingham Ironmen Season Opener – Friday September 16, 2016 at 7:30pm
- Rural Talks 2 rural Conference - September 28-30
- Blyth 140 Kick Off event – October 1, 2016

FINANCIAL IMPACT

Nothing to report.

FUTURE CONSIDERATIONS

Next department activity report is scheduled for October 3, 2016

NEIL and COUNCILLORS

re: use of the word, "LOCAL"

As the building projects for the renovation of Blyth Memorial Hall and the new Cowbell Brewery in Blyth get underway; press releases, newspaper articles, radio reports, etc. about these projects have been stating; a "local architect", *without the architect's name*, or a "local architect", *followed by the architects actual name*, have been engaged to do these projects.

It has been brought to my attention that the term "local" means different things to different people.

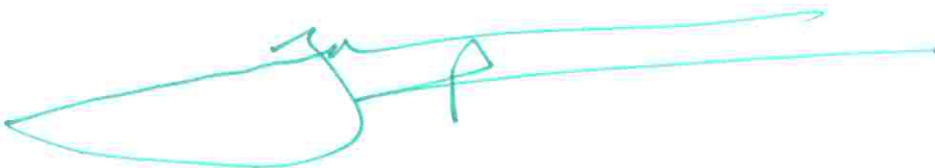

Apparently many people are retaining the term, "local architect", with the assumption, that because my firm is located in a storefront on the Main Street of Blyth, it is my architectural firm that is doing these two projects, which is not the case.

It has also been brought to my attention that people have unintentionally perceived that my firm is currently too busy and therefore are not contacting my firm about their architectural projects.

There has been a decrease in the architectural work load at my firm at this time. Although not the only factor, the perception of the word "local" is probably one of the contributing factors.

In future press releases, newspaper articles, radio reports, etc., it would be appreciated if reference to a "local architect", *or any other businesses for that matter*, also include the person's, firm's, or businesses' actual name after the use of the word "local" in order to clarify how the word "local" is being used.

Yours truly,

John Rutledge Architect, B. Arch., D. A. T., O A A

Additional Comments:

The purpose of this application is to create a new lot through a surplus farm dwelling severance. The land to be severed is approximately 1.9 acres and contains an existing dwelling, barn and shed. The land to be retained is approximately 98.1 acres of farmland and contains an existing pole shed. The retained land will continue to be used for agricultural purposes.

Comments Received

Comments received from Maitland Valley Conservation Authority for this application identified a wetland, watercourse and a Highly Vulnerable Aquifer (a vulnerable area for source water) on the subject property. No new development is proposed as part of this application and they had no concerns or objections to the proposed severance. Huron County Health Unit also commented on the application and stated there is sufficient room on the proposed severed parcel for a septic system and contingency bed and they recommended including the attached condition for the existing septic system.

Provincial Policy Statement

The *Provincial Policy Statement, 2014* (PPS) in Section 2.3.4.1 only permits lot creation in prime agricultural areas for agricultural uses, agriculture-related uses, a residence surplus to a farming operation, and infrastructure. The PPS requires that the remnant farmland from a surplus farm residence severance be prohibited from having a residence. This application is for a surplus dwelling severance and, provided a condition is attached to the approval prohibiting a new residence on the retained parcel, is consistent with the Provincial Policy Statement.

Official Plan Policies

The subject property is designated Agriculture, Natural Environment-Limited Protection and Natural Environment-Full Protection in the North Huron Official Plan. The consent policies in Section 11.3.1 of the Township of North Huron Official Plan contain criteria to permit a surplus dwelling severance in an Agriculture designation. These policies are similar to those found in the Huron County Official Plan and are as follows:

North Huron Surplus Residence Criteria	Compliance with Criteria
<i>House is surplus to a farm operator</i>	Yes, the Sinclairs own several other farms in North Huron, including their residence at 38650 Belgrave Road.

Consent Application Report – File # B31-2016

<i>House is at least 15 years old or replaces a house that was 15 years old.</i>	Yes, the dwelling was built more than 15 years ago.
<i>The residence is habitable and intended to be used as a residence.</i>	Yes, it is habitable and intended to be used as a residence.
<i>The area of farmland attached to the surplus house is kept to a minimum size needed for residential purposes, taking into consideration water and sewage services and environment and topographic features.</i>	Yes, severed area is minimal in area and is necessary to support the residential use and private services.
<i>Minimum Distance Separation (MDS) formula requirements are met to the surplus house if barn(s) exist on the retained farmlands. MDS does not apply to existing barns on separately titled lots.</i>	There is a pole shed remaining on the retained lands and a recommended condition is a Change of Use permit for it to prohibit livestock housing.
<i>There has been no previous separation of land for residential purposes as it existed on June 28, 1973</i>	Yes. There have been no previous separations of land for residential purposes.
<i>The retained lands are a minimum of 19 hectares unless merged with an abutting farm property.</i>	Yes, The retained lands are approximately 39.7 hectares.
<i>Where residence is within 300m of an aggregate operation or deposit an assessment of potential impact may be required.</i>	The residence is not within 300m of an aggregate operation or deposit.

This application conforms to the North Huron Official Plan policies and is recommended for approval.

Zoning By-Law Provisions

The subject land is currently zoned General Agriculture (AG1). The subject property will automatically be rezoned in accordance with the provisions of Section 3.38 of the North Huron Zoning By-Law with the proposed severed lands being rezoned to AG4-9 Agricultural Small Holding Zone and the proposed retained lands being rezoned to AG2 Restricted Agriculture Zone.

Recommended Conditions

Expiry Period

- √ Conditions imposed must be met within one year of the date of notice of decision, as required by Section 53(41) of the Planning Act, RSO 1990, as amended. If conditions are not fulfilled as prescribed within one year, the application shall be deemed to be refused. Provided the conditions are fulfilled within one year, the application is valid for two years from the date of decision.

Municipal Requirements

- √ All municipal requirements be met to the satisfaction of the Township including servicing connections if required, cash-in-lieu of park dedication, property maintenance, compliance with zoning by-law provisions for structures, and any related requirements, financial or otherwise.
- √ The subject parcel be numbered and addressed for 911 purposes to the satisfaction of the Township.
- √ The sum of \$500 be paid to the Township as cash-in-lieu of parkland.

Survey

- √ Provide to the satisfaction of the County and the Township:
 - a) a survey showing the lot lines of the severed parcel and the location of any buildings thereon, and
 - b) a reference plan based on the approved survey

Consent Application Report – File # B31-2016

Zoning

- √ Where a violation of any municipal zoning by-law is evident, the appropriate minor variance or rezoning be obtained to the satisfaction of the Township.

Storm Water

- √ Section 65 of the Drainage Act to be addressed to the satisfaction of the Township.

Septic System Inspection

- √ Applicant is to provide a letter from a licensed contractor advising that the tank has been pumped and is functioning properly for the severed parcel of land to the satisfaction of the Township.

Other

- √ A change of use (No Livestock Housing) under Section 10 of the Ontario Building Code be obtained for the pole shed on the proposed retained property to the satisfaction of the Township.
- √ That the applicant provide a written declaration acknowledging that the existing livestock barn has a maximum capacity of 4 nutrient units unless otherwise permitted by a rezoning or minor variance, to the satisfaction of the Township.

Note: The applicant is hereby advised that the severed parcel will be automatically rezoned to recognize the residential parcel (e.g. AG4-9) and the retained farmlands will be automatically rezoned to prohibit a new residence (e.g. AG2) in the North Huron Zoning By-law.

TOWNSHIP OF NORTH HURON

REPORT

Item No.

REPORT TO: Reeve Vincent and Members of Council
PREPARED BY: Kathy Adams, Clerk
DATE: 06/09/2016
SUBJECT: Bruce County Child Care Fee Subsidy
ATTACHMENTS: Child Care Fee Subsidy Schedule

RECOMMENDATION:

THAT the Council of the Township of North Huron hereby approves the Bruce Child Care Fee Subsidy Schedule effective September 1, 2016;

AND FURTHER THAT the Clerk is directed to prepare a By-law to adopt the County of Bruce Child Care Fees Subsidy rates.

EXECUTIVE SUMMARY

At the April 4, 2016 Council Meeting, Council approved By-law No. 38-2016 to Sign a Service Agreement with the County of Bruce for Child Care and Early Years Services. Schedule A to the Service Agreement established the Child Care Fee Subsidy rates paid to the Township of North Huron for Child Care Services provided by the North Huron Child Care Services to the County of Bruce.

At the August 2, 2016 Council Meeting, Council approved a revised Fee Schedule for the North Huron Child Care Programs effective September 1, 2016.

DISCUSSION

The rates established by the County of Bruce in Schedule A reflect the fee increases approved for the North Huron Child Care programs effective September 1, 2016.

FINANCIAL IMPACT

The Schedule establishes the rates paid to the Township for children residing in the County of Bruce who utilize North Huron's Child Care Services programs.

FUTURE CONSIDERATIONS

No items for future consideration.

RELATIONSHIP TO STRATEGIC PLAN

The Clerk's Department is fiscally responsible and strives for operational excellence.

Kathy Adams, Clerk

Sharon Chambers, CAO

SUBJECT: Procedure for Town Hall Public Meetings
ATTACHMENTS: Procedure – September 6, 2016

RECOMMENDATION:

THAT the Council of the Township of North Huron hereby approves the Procedure for Town Hall Public Meetings as presented by the Clerk.

EXECUTIVE SUMMARY

Section 5.9 of By-law No. 18-2016 Council's Procedural By-law states that Council will hold a minimum of one Town Hall Public Meeting per year.

At the July 18, 2016 Council Meeting, Council scheduled a Town Hall Public Meeting for September 13, 2016 at 7:00 pm., at the Emergency Services Training Centre, Blyth.

DISCUSSION

Town Hall Public Meetings provide members of our community an opportunity to speak to Council on matters of interest.

The attached procedure outlines the meeting procedures for a Town Hall Public meeting including establishing the agenda and dealing with topics of discussion and presentations from the public.

It would be beneficial for Council to familiarize themselves with the meeting procedure prior to the meeting.

Section 5.9 of the By-law states that Council will hold a minimum of one (1) Town Hall Public Meeting per year.

B. Purpose of Meeting

The purpose of the Town Hall Public Meeting is to provide members of the community an opportunity to speak to Council on matters of interest to them.

C. Meeting Procedures

1. The Rules of Order established in the Procedural By-law shall be the Rules and Regulations for the order and dispatch of business for the Meeting unless otherwise noted.
2. Agenda for Meeting shall be as follows:
 1. Call to Order
 2. Declaration of Pecuniary Interest
 3. Presentations from the Public
 4. Adjournment
3. The duration of the Meeting shall be one (1) hour unless extended by motion of Council.
4. Contrary to Section 30 of the Procedural By-law, there will be no live recording or broadcasting of the Meeting on the Township website .

D. Topics for Discussion

1. Topics for discussion are to be within the Township's jurisdiction and may include, but are not limited to:

Suggestions for:

- New initiatives
- Partnerships
- Enhancements or reductions to services
- Future projects

2. Requests for service and/or complaints will not be included as topics for discussion and should be submitted as per the Request for Service/Complaint policy.

E. Presentations From the Public

1. Persons wishing to speak to Council must sign a register at the door prior to the commencement of the meeting.
2. Speaking order will be determined based on the order in which the register is signed.
3. Each speaker will be provided a maximum of five (5) minutes to speak. Speakers will be timed by the display of a timer on a projector screen in the meeting room.
4. Council members may ask questions of the Speaker or Staff for clarification. Some matters may be referred to staff for further investigation.

TOWNSHIP OF NORTH HURON

REPORT

Item No.

REPORT TO: Reeve Vincent and Members of Council
PREPARED BY: Kathy Adams, Clerk & Connie Goodall, Economic Development Officer
DATE: 06/09/2016
SUBJECT: BIA Mural – 280 Josephine Street
ATTACHMENTS: Agreement between Wingham BIA, Township of North & McDonagh

RECOMMENDATION:

THAT the Council of the Township of North Huron hereby approves entering into an Agreement with the Wingham BIA and Michael McDonagh to erect a mural on the south side of the building located at 280 Josephine Street, Wingham;

AND FURTHER THAT the Clerk is directed to prepare a By-law to adopt the Agreement between the Township of North Huron, the Wingham BIA and Michael McDonagh to erect a mural on the south side of the building located at 280 Josephine Street, Wingham.

EXECUTIVE SUMMARY

In February of 2002 the Wingham District Chamber of Commerce entered into an agreement to erect a mural on the south side of the building located at 280 Josephine Street owned by Michael McDonagh.

The Chamber of Commerce has since dissolved and the Wingham BIA would like to remove the existing mural which is in disrepair and replace it with a newer version.

DISCUSSION

The Wingham BIA in their 2016 budget included funds to replace the mural and have engaged the services of Bevin Finlay to create a replica of the mural which should be completed by early fall.

A new Agreement for the mural has been developed between the Township of North Huron, the Wingham BIA and Michael McDonagh. The Agreement has been reviewed and approved by Mr. McDonagh and by the Wingham BIA Executive in principle by an email poll, which is permitted under the BIA rules of procedure. The Wingham BIA Executive will formally ratify the Agreement by motion at their next meeting.

FINANCIAL IMPACT

All costs associated with the mural have been budgeted by the Wingham BIA.

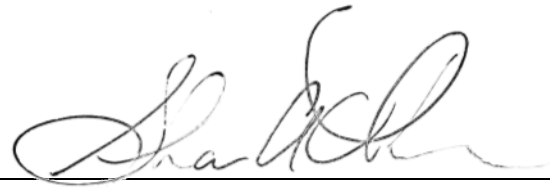

FUTURE CONSIDERATIONS

No items for future consideration.

RELATIONSHIP TO STRATEGIC PLAN

Our community is attractive to new businesses and residents –
Our downtowns are attractive retail and commercial destinations.
Tourism is a driver in economic development.

**MICHAEL ALEXANDER MCDONAGH
(hereinafter called MIKE MCDONAGH)**

WHEREAS Mike McDonagh owns the building located at 280 Josephine Street, Wingham o/a Touch of Class.

AND WHEREAS the BIA wishes to erect a mural on the south side of the building located at 280 Josephine Street, Wingham.

NOW THEREFORE, parties to this Agreement agree to the following terms and conditions:

THAT:

1. Mike McDonagh shall permit the BIA to erect a mural on the south side of the building located at 280 Josephine Street, Wingham, Ontario.
2. The BIA agrees to maintain the mural in a showable condition.
3. Mike McDonagh shall not be held responsible for any expenses, property damage, bodily injury or liability arising from the installation and presence of the mural.
4. Mike McDonagh shall not be held responsible for the loss or destruction to said mural.
5. The BIA agrees to repair any damage incurred to the building located at 280 Josephine Street, Wingham, Ontario, as a result of the mural being erected on said building.
6. The BIA agrees to repair all damage incurred to the building located at 280 Josephine Street, Wingham, due to the removal of the mural.
7. The Township agrees to include the mural for liability coverage under its municipal insurance policy.
8. In the event of the sale of the building owned by Mike McDonagh this agreement shall become null and void and a new Agreement would be required with any new owner.
9. In the event of the dissolution of the BIA the Township shall assume the responsibility of all of the terms and conditions of this Agreement.

10. This Agreement may be terminated by any party by giving sixty (60) days written notice to the other parties. The form of said notice shall be by personal delivery or by registered mail.

REPORT

Item No.

REPORT TO: Reeve Vincent and Members of Council
PREPARED BY: Pat Newson, Director of Recreation and Facilities & Richard AI, Manager of Employee and Business Services/Deputy Clerk
DATE: 06/09/2016
SUBJECT: Recreation Software
ATTACHMENTS: Legend Executive Summary, Summary Analysis Chart

RECOMMENDATION:

THAT the Council of the Township of North Huron hereby approve the purchase of Legend Recreation Software for the set-up fee of \$11,475.00 and the monthly fee of \$955.00;

AND FURTHER THAT staff be directed to proceed with the purchase of necessary hardware to support the migration;

AND FURTHER THAT the Clerk be directed to prepare an authorizing by-law to enter into an agreement between Legend Recreation Software and the Township of North Huron for the purchase, set-up and maintenance of the software.

EXECUTIVE SUMMARY

The North Huron Recreation Department uses CLASS Recreation Software for managing the department operations. The department was informed two years ago that CLASS support was scheduled to end in 2017 and as such security and functionality updates would cease. The department has researched options for replacing CLASS and has selected Legend Recreation Software as the preferred option.

DISCUSSION

Background

The CLASS Recreation Software is a suite of management tools which supports facility rentals, membership management and program registrations for the Recreation Department. It is hosted on the North Huron Recreation server and will no longer be supported by *ActiveNET* in 2017. CLASS was considered the premium recreation software option and used by 95% of the municipal market in Ontario including North Huron which has used CLASS since 2002. The decision by *ActiveNET* to discontinue CLASS has resulted in an industry upheaval to switch over to a new program before the end-of-life date for CLASS is reached. *ActiveNET* offered their online equivalent recreation software as a migration path for all CLASS clients. North Huron staff investigated *ActiveNET*'s online option along with six other possible software options to determine the most appropriate fit for North Huron.

One primary goal associated with the migration to a new product was to provide the public the ability to manage their own accounts and allow individuals or families to register for programs, view available facilities, request a booking, make payments, purchase or update their memberships, and track their accounts at any time of the day all using a convenient self-serve online portal. The larger group users such as Minor Hockey or Lacrosse would have the

opportunity to view available space at facilities and submit required bookings online. For staff needs, the department was looking for a user friendly system, that is adaptable to users on a variety of devices including computers, tablets or smartphones, which could provide improved reporting, tracking and marketing capacity, while reducing staff time spent making bookings or registering clients in person and over the phone. In person and over the phone bookings and registrations should be an option supported by the software as well to ensure that clients that prefer those methods are accommodated. The ideal system would be multifaceted, meeting staff requirements and increasing public access, as well as flexible by providing opportunities to grow with user needs as markets change. The migration to a new system would also afford an opportunity to revisit our current access control mechanisms and make improvements where necessary.

North Huron Analysis

Staff participated in numerous webinars to review software options. Richard Al and Pat Newson also attended the Parks and Recreation Ontario Conference where five software products were available to be reviewed. Attached is a summary table of the evaluation and how the decision was made to recommend Legend Recreation Software. The programs were evaluated on three primary criteria:

FUNCTIONALITY – Does the product support the tasks that the North Huron Recreation Department required: Membership management and access control, Facility Booking, Point of Sale, and Recreation Program Registration? PCI-DSS Compliance and other regulatory features were important in the evaluation. Data collection and record keeping capacity. Web portal and client data security was evaluated. The preference was to move to a “cloud based” system where by client data would no longer be stored locally on municipal servers but would instead reside on the provider’s servers in secure data centres.

PRICE – Is the product good value?

MARKET PENETRATION – Numerous other organizations in the recreation industry in Canada have been switching over to new software at the same time. North Huron wanted some assurances that the system purchased would be used by other organizations as well, particularly those in the municipal sector to ensure that the product would be available, updated and supported over the long term.

Hardware

Migrating to a cloud based system means that the software and associated client data is no longer stored on a local municipal server. However, this does not eliminate the need for a local server as numerous other functions are provided to staff by the local equipment. Moving to a cloud based system will provide staff in other facilities with access to the system, allowing them to create bookings for various spaces throughout the municipality which are not currently managed centrally (i.e. Council Chambers, Museum meeting room, ESTC meeting room). It will also allow the finance department to run required reports without accessing the recreation server.

The access control system currently in place requires upgraded equipment to support the migration to Legend. It is our goal to improve the client experience and accommodate a vast majority of

client needs, as such doors will be outfitted with multiple access mechanisms including biometrics and card scan. An access control door will be added to the arena to control membership skates in the mornings. Additional security cameras will be included in the upgrades.

North Huron did not previously subscribe to the CLASS point of sale module, however point of sale is included in the standard Legend suite and it is our goal to utilize the module to support our concession booths and potentially kiosks. The basic requirements for point of sale are a compatible receipt printer, point of sale (POS) computer system with cash drawer and debit machine. To enable point of sale in the concession booths and at the front counter, these hardware items will be required.

Legend also has additional functionality in terms of course reporting above that offered by CLASS. As an example, tablets can be used to enable swimming instructors the ability to complete progress reports which would then be available to parents to keep up to date on their child’s progress through their online portal account. To utilize this functionality the purchase of compatible tablets would be required.

FINANCIAL IMPACT

The 2016 budget has allocated \$35,000 from Reserves to the Recreation Administration budget for the purchase of Recreation Software and associated hardware requirements to support the transition. The cost of the program, associated hardware and set-up fees will not exceed the budget allotted, however exact expenses are undetermined as hardware needs are still being considered and adjusted based a balance between current needs to enable efficiencies and future needs to increase client usage. Required hardware will be procured in accordance with North Huron Procurement Policy requirements.

Start-up costs will include:

\$11,475 for software set-up and installation, configuration and customization, integration with finance, training, data migration. Additional cost for travel and accommodations for trainers during the start-up phase (expensed at cost).

The ongoing monthly expense of \$950/month will be invoiced once the program goes live in Spring 2017, and will be included in the 2017 operating budget.

The Recreation Software generates two types of operating expenses, the merchant fees charged when debit or credit card payments are used, and the software licensing fees.

	2015 expense	Annual future expense
Merchant fees	\$6,583.91	\$7,900.70 (assumes 20% in merchant fees generated by on-line purchasing)
Software	\$3,771.54 (CLASS)	\$11,400 (Legend)

These increased expenses are cost recovery from the fees charged for rentals, memberships and programs. In anticipation of the expenses associated with a new online system, the department added a 1% (approx.) fee increase on top of CPI in 2015 and 2016. There is a return on investment by reallocation of staff time, and a greater uptake in purchases of services and rentals. This will be tracked during the transition and post implementation of the software.

FUTURE CONSIDERATIONS

The product will be purchased in September 2016 with the contract set up for a Spring 2017 go live date.

Executive Summary

1.1 Introduction

Legend Recreation Software Inc. thank the Township of North Huron for the opportunity to participate in the procurement exercise to deliver an externally hosted Enterprise Recreation Solution the Parks Recreation and Cultural Services Department. Legend is the market leading recreation management solution, with over 1,500 sites installed in the UK and Ireland and now Canada across all sectors, with an emphasis on the municipal and not for profit sectors, and we believe we have the most suitable solution for the Town and your customers.

Legend has recently launched into the Canadian recreation management software market. Our first Canadian customers implemented our service in December 2015 (All in Ontario – Dovercourt Recreation Centre, Glebe Neighborhood Activities Group and Ottawa South). Legend has subsequently won contracts in Ontario, such as the **City of Hamilton** and also three other municipalities in **British Columbia**: Town of Ladysmith, District of North Cowichan and Cowichan Valley Regional District. In addition to these achievements, we have recently signed contracts with **City of Woodstock** and also **Aqua Essence** in Winnipeg. Additionally Legend is shortlisted in 12 current RFP’s with Ontario and awaiting their outcome.

Highlights

Legend has a distinguished international pedigree based on delivering successful projects. Our success is built on three things:

- a fantastic product solution
- excellent value
- quality service

The Legend Recreation Management Solution is a portfolio of synergistic products that work to provide you with all the functionality required to meet and exceed the Town’s objectives:

Requirement	Legend Module
Program Registration	✓ Sports Courses
Facility Booking	✓ Legend Event Management
Point-of-Sale Transactions	✓ Front of House
User Account Management	✓ Back Office
Membership/Pass Management	✓ Membership Management
Payments	✓ Fee Collection
Subsidy Programs	✓ Membership Management
Financial Accounting	✓ Reporting & BI
Reporting	✓ Reporting & BI

With a single, integrated database, the Legend solution is a high performance system suitable for small and large scale operators. It provides operational and administrative efficiencies and business benefits to ensure a strong business case for the project. It is inexpensive to install and run ongoing, ensuring a good overall return on investment and low cost of ownership.

The technical hosting solution comprises high availability hosted operations, central database, built in backup and disaster recovery, highly scalable and resilient architecture and a **99.95% SLA**.

Legend support levels lead the industry. We currently provide a full end user support function covering all operating hours, from 06:00 to 22:00 weekdays, and 08:00 to 20:00 weekends and public holidays, and, in order to meet requirements for new installations in BC, will be extending this to cover 24-hour support by the end of 2016.

Legend's Canadian offices, management and support team and primary data center are based in Ottawa, Ontario.

1.2 Legend's Unique Value Proposition

Legend is keen to be selected as the Town's partner and we believe we have the right credentials and unique set of reference customers, as well as product innovations which we believe give us a unique advantage, specifically:

- We believe Legend is the ONLY leisure management solution which is PCI DSS compliant and managed to ISO 27001 information security standards
- High quality is our philosophy throughout with an ISO 9001 certification to back this up
- Comprehensive software and support service which is included in the licence fee
- Enterprise standard high availability hosting is our standard provision
- Frequent client-driven upgrades, deployed centrally (all clients are on the latest release)
- Where appropriate, functionality is fully integrated (i.e. a single database), developed and supported by Legend; this approach delivers the best functionality, with dependable information, at minimum cost (as the use of 3rd party software/integrations is minimised)
- Outstanding online self-service functionality – popular, with a very high take-up by users
- Smooth implementation from a very experienced team
- Excellent support from our Help Desk – extended hours, responsive, serving all end users overall operating hours seven days per week
- Specialist bureau services for handling direct debits and digital media management
- Legend is an independent company, with no debt, no institutional investors, the majority of shares held by directors and staff, able to invest for the long term in e.g. high quality staff and a large on-going programme of software development
- Legend's business model (no up-front software cost, economical monthly licencing) delivers customers a high quality solution and on-going return on investment, with no uncertainty regarding future costs, so clients can plan ahead with confidence; it also delivers a guaranteed regular income for Legend, so the company can plan ahead on a financially stable platform
- Legend delivers return on investment from savings customers make (from the inherent efficiency and control, plus self-service functionality) and greater income – from more activity/visits and more members and higher collection rates on fees. Greater activity results from being more competitive in the local market and better customer service, plus popular online booking, excellent processes for acquiring new members, retention management and the possibilities for marketing and rewards.

Legend's USPs are based on strong customer service which includes vigorous engagement with customers to help understand needs and wants. This helps us to improve our service ongoing and to be more accurate with R&D. Consequently, we have the highest success rates of any vendor in driving self-service, in making front of house operations smooth and efficient, and in driving up collection rates in revenues management.

Legend Improves Customer Service

The following list of functions helps immediately improve customer satisfaction and service levels;

- Self-service bookings – reduces waiting times, provides easy access to live timetables, customer bookings

- Smartphone bookings and other functionality
- Ability for customer to cancel or reschedule their own booking
- Book at another leisure centre (if the slot is not available at the first)
- Targeted communication campaigns with properly formatted and composed content
- Access to accurate, live account status and other information from anywhere
- Fewer mistakes
- Fewer failed PAD's
- More useful website (through the Legend links and portal functionality).

Legend Drives Operational Efficiencies

The following functions and functionality help drive operational efficiencies;

- Self-service and the substantial shift of channel it entails (takes the load off staff and resourcing)
- Increased capacity utilisation by driving up bookings through self-service and through being more responsive
- Higher collection rates of direct debit
- Reduced access control abuse (through customer facing screen, real time account status, options to automate)
- More efficient administration
- Better data to inform action and to continuously improve operations
- Alerting based on targeting and monitoring in the reporting solution
- Better programming and broadening offers such as using camps, ticketing and courses software.

2 About Legend

2.1 The Legend Business - History and Overview

Since launching at Leisure Industry Week in November 2002, Legend has established itself as the market leading recreation management software solution in the UK and Europe, and, after launching in Canada in 2015, has a growing customer base in Canada too. Our success has been based on delivering a high quality service underpinned by major ongoing investment in customer led R&D. This ensures that customers benefit from constantly improving systems and it allows Legend to respond quickly to new opportunities for customers.

The launch of our wholly owned Canadian subsidiary was the result of three years of preparations and local investment. Employing the same approach that has served us so well in other territories, we decided on a substantial investment in a full, dual data centre Canadian infrastructure from the outset. We partnered with Teramach in Ottawa and replicated our high availability, enterprise systems used in the UK; HP servers, SQL Server Enterprise clustered databases, NetScaler hardware load balancers, NetApp SANs, VMware vSphere Enterprise hypervisor. Our Canadian data centres partner, Rogers, provides us with two TIER 3 Certified datacentres, ensuring that all Canadian customer data is held exclusively in Canada in enterprise standard facilities.

This meant an infrastructure investment in excess of \$500,000 before installing a single customer. However, this ensured that we could provide a full, Canadian service from day one.

We also engaged the market to carefully analyse what local requirements we needed to meet, and what features of our substantial system, the Canadian market might be able to employ. We did this by arranging workshops with a wide range of participants, we attended numerous events across the country, and conducted countless online workshops and demonstrations. We then ensured that the project was delivered on time to meet the expectations of our first clients.

The project was delivered on time. As mentioned above, our first Canadian customers implemented our service in December 2015. Legend has subsequently won numerous orders

2.2 Our Approach

As alluded to in the overview, we take a principal driven approach to implementing projects. We understand the economy of doing things properly from day one. We understand that it is the vendor's responsibility to ensure the success of a project, to help customers engage their teams in the mobilisation, and, in turn, their public in the go live. Building a successful implementation is analogous to building a reputation – it takes organisation, ongoing

engagement, and is measured by long term effects. This is where our experience and systems are a very important benefit.

Legend has installed over 500 large recreation facilities in the last 3 to 4 years. We are extremely experienced and qualified to implement our solution into Recreation Centres. We deliver projects to a quality methodology using our own project team, engineers and trainers. Legend has extensive capacity, experience and knowhow in the provision of solutions to the recreation center market and serve multisite operations such as those represented by the large cities such as London, Manchester and Liverpool (UK).

Our outstanding Quality Management approach is ISO9001:2008 Certified. Where appropriate, Legend’s services staff are ITIL certified and our project managers, PRINCE2 qualified. Our senior management team has an average of 25-years in the industry, and comprises two MBAs and two Chartered Accountants.

With every implementation we provide a full project management service. We manage the project, the conversion, including database conversion, the setup and administration training and the end user training, and all project documentation. We also provide analysis and advice based on best practice accumulated in the field. This helps guide customers on the journey from the legacy system to the Legend one, avoiding the pitfalls stemming from the old system (eliminating inefficiencies caused by the legacy system’s limitations) whilst finding a good middle ground in terms of how much change to implement for go live (an over ambitious project is as bad as an under ambitious one).

2.3 Corporate Information

Launched in 2002, Legend serves in excess of 1,000 global installations from offices in York, England and Ottawa, Canada. Legend is an independent, private company with 70+ full time employees. With the majority of shares owned by employees (23 shareholders), Legend is debt-free, has no institutional investors and is uniquely positioned to invest in long term plans.

As can be seen from the above diagram, we have benefitted from sustained, organic growth over the past decade.

Legend has been providing comparable solutions to your requirements for over ten years with superb results. We have built an impressive resume of customers ranging from local authority operators (Municipalities) servicing cities as large as London and Manchester in the UK to Contract Management Social Enterprises and companies such as Greenwich Leisure Limited (190+ recreation centers), Serco Leisure (70) and Parkwood Leisure (80) along with private national health club chains such as LA Fitness (UK) and Bannatyne’s Health Clubs.

Legend is now the leading software vendor in the UK recreation market. We have displaced the previous market leader, a business that had grown by acquisition to a seemingly dominant market position. We reliably convert more than 150 Recreation and Sports facilities every year to the Legend system.

Our research and development (R&D) policy is progressive: we invest over 25% of our revenues back into R&D each year. We have a large R&D team including more than 30 developers who deliver over 4,000 development days of product improvements every year (clients receive continuous free upgrades). This is important as our clients’ competitiveness in today’s market depends on innovation, to which end, all our customers receive continuous upgrades included in their monthly subscription fee. All customers are on the same version of the solution which has numerous benefits to Legend and its customers alike.

Legend’s USPs are based on strong customer service which includes vigorous engagement with customers to help understand needs and wants. This helps us to improve our service ongoing and to be more accurate with R&D.

Consequently, we have the highest success rates of any vendor in driving self-service, in making front of house operations smooth and efficient, and in driving up collection rates in revenues management.

TOWNSHIP OF NORTH HURON

REPORT

Item No.

REPORT TO: Reeve Vincent and Members of Council
PREPARED BY: Pat Newson, Director of Recreation and Facilities & Jeff Molenhuis, Director of Public Works
DATE: 06/09/2016
SUBJECT: Temporary Road Closure for Blyth
ATTACHMENTS: Map

RECOMMENDATION:

THAT the Council of the Township of North Huron hereby approve a temporary road closure of the alley west of Blyth Memorial Hall between Drummond St. and Dinsley St. in the town of Blyth, for the renovation work at Blyth Memorial Community Hall, as per the map provided.

EXECUTIVE SUMMARY

Permission to close a road in North Huron requires a motion from Council. The General Contractor for the Blyth Memorial Community Hall requires adjacent space to the building. The road would be temporarily closed from Wednesday September 7, 2016 to March 31, 2017, when required by the contractor.

DISCUSSION

The renovation project requires additional space adjacent to the Blyth Memorial Community Hall to provide the contractor space for equipment, waste bins, and staging. A partial closure that narrows the alley has been part of the planning for the project. The project now will require a complete closure of the alley to allow for adequate work space. A proposed road closure map has been provided with this request. The Contractor, along with the Director of Recreation and Facilities and the Public Works Department will work together to minimize the impact on the properties requiring access to the alley for parking and property access. Staff are communicating with the adjacent property owners to ensure their access needs are accommodated for during the road closure. The alley is not required for any other traffic in Blyth, other than for the adjacent land owners.

Permission to close the road requires a motion from Council.

FINANCIAL IMPACT

None

FUTURE CONSIDERATIONS

As the project progresses, and once most of the demolition work and roof work is completed, the complete closure will likely be reduced to the original plan of the alley narrowing.

RELATIONSHIP TO STRATEGIC PLAN

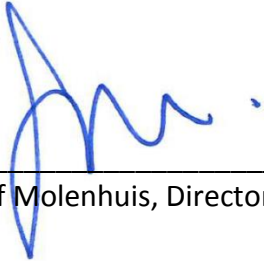

Our community is healthy and safe.

TOWNSHIP OF NORTH HURON

REPORT

Item No.

REPORT TO: Reeve Vincent and Members of Council
PREPARED BY: Jeff Molenhuis
DATE: 06/09/2016
SUBJECT: Wingham Well 4 Generator – Emergency Purchase
ATTACHMENTS: NONE

RECOMMENDATION:

THAT the Council of the Township of North Huron hereby receive the report Wingham Well 4 Generator – Emergency Purchase for information;

AND THAT the Council of the Township of North Huron hereby identify the funds necessary to support the Emergency Purchase to be repurposed from the 2016 Water Capital Budget item for the hydraulic pump and the pipe locating equipment;

AND THAT the Council of the Township of North Huron hereby direct the Director of Finance to amend the approved 2016 Budget accordingly.

EXECUTIVE SUMMARY

Staff from Veolia had scheduled maintenance work for Wingham Well 4 generator. At the time the contractor was on-site, a few unplanned, significant maintenance issues were encountered that precluded the generator from being operational immediately without significant cost, and Veolia staff were advised on-site that this particular generator unit will have continued maintenance issues with increased costs. Accordingly, the unit was not brought back into full operation. It was decided with Township staff that, considering the necessity and urgency to provide stand-by power to the well, the item was procured for replacement as an Emergency Purchase in accordance with Section 2.7 of North Huron's Procurement Policy. The need for stand-by power for the water system is necessary for maintain operations of the system. Veolia brought the matter to the attention of Township staff on August 13th. A contractor and replacement unit was selected on August 18th.

DISCUSSION

The emergency element is based on the need for stand-by power for our water systems as any significant loss of supply or pressure would be problematic for the system and would likely shut the system down. The issue was discussed with the CAO, and it was determined that an Emergency Purchase was appropriate considering the urgent nature.

FINANCIAL IMPACT

Veolia requested four quotations from reliable, experienced generator contractors. The lowest total cost, including full HST, is approximately \$14,900.

The Water budget includes a budget line item for regular maintenance work. The Veolia contract also includes some budget for routine maintenance work. The cost of this replacement will fall outside of regular maintenance work identified in the water budget and Veolia contract. Therefore, it is recommended that Council identify funds from the Water Capital Budget for other equipment to pay for the replacement. As noted, the hydraulic

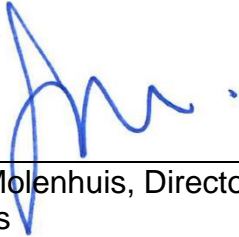

pump and locate equipment are not critical units for replacement at this time, and therefore the budget for these items should be repurposed for the cost of the generator.

FUTURE CONSIDERATIONS

No future considerations at this time.

RELATIONSHIP TO STRATEGIC PLAN

Goal 3 the Township is healthy and safe. Goal 4 the administration is fiscally responsible and strives for operational excellence.

Blyth Leaf Account

Policy Statement:

The Township of North Huron encourages donations to the Blyth Living Tree, and for projects to be funded by the Blyth Leaf Account. The purpose of the policy is to establish a procedure by which donations are made to the Living Tree, and projects can be funded using the Blyth Leaf Account.

Definitions:

Blyth Living Tree: The Blyth Living Tree is a display located in the lobby of the Blyth and District Community Centre. Plaques are added in memoriam. The Living Tree is owned and maintained by the Township of North Huron. It was erected as part of the Heart and Soul renovations to the Blyth and District Community Centre.

Blyth Leaf Account: A reserve account that is part of the North Huron accounts. Donations made to the Blyth Living Tree are tracked and kept in this reserve account.

Blyth and District Community Centre (BDCC): 377 Gypsy Lane, Blyth.

Blyth and District Community Centre grounds: The outdoor space owned and operated by the Township of North Huron, including the campground, skate park and ball parks.

Reserve Account: means an allocation set aside from municipal net revenue at the discretion of council, or revenue raised from community fundraising, established for a predetermined purpose and applied for that purpose at the discretion of council.

User Group: A community group that has rented the Blyth and District Community Centre and grounds during the past 12 months.

Background:

The Living Tree was established as a community fundraising program and donations are made as memorial gifts. Funds are collected in the Blyth Leaf Account and funds are directed toward an improvement project at the Blyth and District Community Centre and the grounds. The role of the Blyth Arena Board has been to provide recommendations to Council on how the funds could be spent, and benefit the Blyth and District Community Centre and the grounds.

With a request and recommendation of the Blyth and District Community Centre Board, North Huron Council dissolved the Blyth Arena Board on August 22, 2016. The request of the Blyth & District Community Centre Board was that the Blyth Leaf Account would continue to exist and projects would be approved by Blyth community groups as it had been in the past. This policy outlines the procedure by which the Blyth Leaf Account funds can be allocated to a project, with the intent to continue the Blyth community group input to decisions. It also outlines the procedure for inclusion on the Living Tree.

Policy:

Donations to the Blyth Leaf Account

The Township of North Huron will keep a separate reserve account to collect the donations made to the Blyth Leaf Account. A leaf on the Living Tree is provided with a minimum donation of \$250. Donations are made in memoriam.

Funds can also be donated to the Blyth Leaf Account, without a request of a leaf, for the purpose of supporting a municipally approved project.

Leaf Account Funds

The Leaf Account funds are to be donated to projects for the betterment of the BBDC and grounds:

- Funding is donated to projects that invest in betterment of the Blyth and District Community Centre and grounds.
- Items are Tangible Improvements and not used for programming or consumable items.
- Funds are for improvements and not to be used for routine maintenance of the facility.
- Funds may be directed toward the new or replacement of Capital items that have reached their life expectancy, and are desired by the community to be replaced.
- Items purchased through the funds will become the property of the Township of North Huron and included in the facility inventory for insurance and asset management.

The Township of North Huron Council has final approval of how the funds will be spent. Requests will not be unreasonably withheld or denied, however in considering the request the Township must:

- Evaluate if the improvement will increase operating expenses, and if so whether the municipality is willing to support the improvement on an ongoing basis in the operating budget.
- Ensure the improvement will benefit the Blyth community as a whole.
- Evaluate the expense of maintenance and long term asset management of the improvement.
- Evaluate if the improvement fits into the strategic plan and goals of the Township of North Huron.

Blyth Leaf Account Spending Process:

Approval Process

- The process for intake, review, and approval of purchases will be managed by the North Huron Recreation and Facilities Department.
- Throughout the year, North Huron will collect recommendations for spending funds in the account.
- Recommendations will be submitted to North Huron via a form that requires that the recommender complete all sections of the form for the item to be considered. It is not the responsibility of the Township of North Huron staff to research the item, however the Blyth Facilities Manager can assist with building specifications if needed.
- Annually, the department will host a meeting in Blyth where the recommendations are considered. Representatives of the different building user groups will be invited to attend the meeting. Each building user group will be awarded one vote toward the decision process. North Huron staff will facilitate the process, but will not have a vote. If no submissions are received by the designated deadline, no meeting for that year will be called, and funds will roll over to the next meeting the following year for consideration of submissions.
- A quorum of 5 user groups must be present for a decision to be binding.
- Meetings are open to the public, and more than one user group representative is invited to attend. North Huron staff will establish a procedure for identifying who the voting representative of the user group is.
- Decisions that achieve a majority vote by the user groups will be forwarded by staff to North Huron Council for consideration.

Procurement Process:

- Items purchased using the Blyth Leaf Account will follow the Township of North Huron Procurement Procedure.

Community Awareness/Marketing

In order for the process to work, and for the Blyth Living Tree to continue to be relevant, North Huron will publicize the program by:

- Advertising the annual meeting of the Leaf Account in the local paper for one week.
- Sending invitations to the user groups to attend the annual meeting.
- Informing the public via the Rec and Leisure Guide and/or the North Huron web site of the program and process for submitting recommendations or spending the funds.
- Permanently displaying information about the program in a visible area at the Blyth and District Community Centre.
- Making forms made available on-line at the North Huron website, and at the Blyth and District Community Centre.

Dissolving of the Program

The Township of North Huron Council has authority to dissolve the program at any time it is no longer relevant by a motion of Council.

The program could be considered no longer relevant due to lack of donations, or lack of submissions for improvements or a consistent lack of user group interest. Any funds remaining in the account will be allocated by a motion of North Huron Council to a Blyth community betterment project. The program could be considered no longer relevant if the following were to be realized:

- For a period of 36 months or longer, no donations to the Blyth Living Tree were received.
- For a period of 36 months or longer, no submissions were made for spending the Blyth Leaf Account. (note that as long as submissions are made, the program is relevant, it is not whether or not projects are approved).
- The Blyth Living Tree program is replaced by another relevant program supported by the community and North Huron Council.
- For three consecutive years, quorum is not achieved at the community meeting.

A majority vote of the community groups at the community meeting decides the program is no longer relevant, and that decision is supported by North Huron Council

SECOND LICENSE EXTENSION AND AMENDING AGREEMENT

THIS AGREEMENT made in triplicate as of January 1, 2017.

BETWEEN:

THE CORPORATION OF THE TOWNSHIP OF NORTH HURON

(the “Licensor”)

OF THE FIRST PART

- and -

**HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO AS
REPRESENTED BY THE MINISTER OF INFRASTRUCTURE**

(the “Licensee”)

OF THE SECOND PART

WHEREAS:

- A. By a per diem license agreement dated December 4, 2006 (the “Original License”), the Licensor did license unto Ontario Realty Corporation acting as agent on behalf of Her Majesty the Queen in right of Ontario as represented by the Minister of Public Infrastructure Renewal (“MPIR”) for a term of five (5) years commencing on January 1, 2007 and ending on December 31, 2011 (the “Term”), the premises more particularly described as approximately one thousand, three hundred and fifty (1,350) square feet on the ground floor (the “Licensed Premises”), in the building municipally known as 274 Josephine Street (the “Building”), in the Town of Wingham in the Municipality of North Huron, in the Province of Ontario (the “Lands”), as more particularly described in Schedule “A” attached thereto, in addition to other terms and conditions as set out therein.
- B. By Order-in-Council No. 1617/2008, approved and ordered September 17, 2008, all the powers and duties of MPIR relating to real property matters of the Government of Ontario pursuant to the *Ministry of Government Services Act*, R.S.O. 1990, c.M.25, as amended, were transferred and assigned to the Minister of Energy and Infrastructure (“MEI”).
- C. By Order-in-Council No. 1320/2010, approved and ordered September 15, 2010, all the powers and duties of MEI relating to real property matters of the Government of Ontario pursuant to the *Ministry of Government Services Act*, R.S.O. 1990, c.M.25, as amended, are transferred and assigned to the Minister of Infrastructure (“MOI”).
- D. Ontario Infrastructure and Lands Corporation (“OILC”) has been delegated MOI’s authorities and responsibilities with respect to real property in the name of MOI subject to certain conditions by Delegation of Authority of Ontario Infrastructure and Lands Corporation under the *Ministry of Infrastructure Act*, 2011 dated June 6, 2011.
- E. By Order-in-Council No. 1376/2011, approved and ordered July 19, 2011, MOI shall exercise the powers and duties assigned by law to MOI or that may otherwise be assigned to or undertaken by MOI in respect of infrastructure and any other matters related to MOI’s portfolio.
- F. By a license extension and amending agreement dated January 1, 2012 (the “First License Extension and Amending Agreement”), the Licensor and MOI agreed to extend the Term in accordance with the terms of the Original License as amended and extended, with an extension term commencing on January 1, 2012 and expiring on December 31, 2016 (the “First Extension Term”), in addition to other terms and conditions as set out therein.

- G. Pursuant to the terms of the First License Extension and Amending Agreement, MOI was entitled to extend the First Extension Term for two (2) further terms of five (5) years each.
- H. By Order-in-Council No. 219/2015, approved and ordered February 18, 2015, all the powers and duties of MOI under Order-in-Council No. 1376/2011 relating to infrastructure and real property matters of the Government of Ontario were assigned and transferred to the Minister of Economic Development, Employment and Infrastructure (now known as the Minister of Infrastructure).
- I. The Licensee has now exercised its right to extend the First Extension Term in accordance with the Terms of the Original License as amended and extended, with an extension term commencing on January 1, 2017 and expiring on December 31, 2021 (the "Second Extension Term"), in addition to other terms and conditions as set out herein.
- J. The Original License, the First License Extension and Amending Agreement and this second license extension and amending agreement (the "Agreement") are hereinafter collectively referred to as the "License", except as specifically set out herein.
- K. The parties have agreed to extend and amend the License on the following terms and conditions:

NOW THEREFORE THIS AGREEMENT WITNESSES THAT in consideration of the sum of Two Dollars (\$2.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

- 1. The parties hereto confirm that the foregoing recitals are true in substance and in fact.
- 2. The License is hereby extended for a further term of five (5) years commencing on January 1, 2017 and ending on December 31, 2021 (the "Second Extension Term") at the following annual license fees (the "License Fees"):

For the period from January 1, 2017 up to and including December 31, 2019, the annual license fee payable by the Tenant shall be One Thousand, Three Hundred and Twenty Dollars (\$1,320.00), payable in advance in equal monthly instalments of One Hundred and Ten Dollars (\$110.00) on the first day of each month during the Second Extension Term. The annual License Fee for the period from January 1, 2017 up to and including December 31, 2019 is based on twelve (12) days of use per annum at a rate of One Hundred and Ten Dollars (\$110.00) per day.

For the period from January 1, 2020 up to and including December 31, 2021, the annual license fee payable by the Tenant shall be One Thousand, Four Hundred and Forty Dollars (\$1,440.00), payable in advance in equal monthly instalments of One Hundred and Twenty Dollars (\$120.00) on the first day of each month during the Second Extension Term. The annual License Fee for the period from January 1, 2020 up to and including December 31, 2021 is based on twelve (12) days of use per annum at a rate of One Hundred and Twenty Dollars (\$120.00) per day.

Any additional days of use will be paid for by the Licensee at the above-mentioned daily rate upon receipt of an invoice from the Licensor for such additional use, such invoice to be issued once a year at the end of the calendar year in which such charges were incurred.

Any additional days are to be invoiced to the following:

"Ministry of the Attorney General
720 Bay Street
5th Floor
Toronto, ON M5G 2K1
Attention: Manager, Leasing Services"

- 3. The Licensee shall pay to the Licensor all applicable Sales Taxes assessed on the License Fee payable by the Licensee to the Licensor under this License.

"Sales Taxes" means all business transfer, multi-usage sales, sales, goods and services, harmonized sales, use, consumption, value-added or other similar taxes imposed by the Government of Canada and/or Ontario upon the Licensor, or the Licensee, or in respect of this License, or the payments made by the Licensee hereunder or the goods and services provided by the Licensor hereunder including, without limitation, the use of the Licensed Premises and the provision of administrative services to the Licensee hereunder.

4. Either party shall continue to have the right to terminate this License at any time, by giving the other party not less than six (6) months' prior written notice of termination without penalty, compensation, damages or bonus.

In the event the Licensee exercises such right of termination, the Licensor shall promptly refund the Licensee any prepaid License Fee with respect to the period following the effective date of the early termination, calculated on a pro rata basis based on the remaining number of days in the current license period.

5. The extension contemplated pursuant to this Agreement is subject to all the covenants and agreements contained in the License, as amended, renewed and extended from time to time, save and except:

- (a) The Licensor shall set-up the Licensed Premises for the provision of court services, including without limitation, the set-up of all chairs, tables, portable dais, printers and/or facsimile machines and all related equipment and accessories (collectively referred to as the "Court Facilities"), to the satisfaction of the Licensee, acting reasonably, no later than 8:30 a.m. on each day of use, and to dismantle the Court Facilities after the Licensee's use thereof at the end of each day of use.

- (b) The Licensee shall be entitled to extend the License for two (2) further terms of five (5) years each (each a "Further Extension Term"). Each Further Extension Term shall be upon the same terms and conditions of the License except that there shall be no further right of extension and except for the License Fee, which shall for each Further Extension Term be based upon the market license rate as determined by the parties as of the date which is not less than six (6) months prior to the commencement of each Further Extension Term, or failing such agreement, by arbitration in accordance with the *Arbitration Act, 1991*, S.O. 1991, c.17, as amended, or any successor act. The Licensee shall give written notice to the Licensor of its extension of this License not less than six (6) months prior to the end of the Second Extension Term or Further Extension Term, as the case may be.

The parties agree that the extension options contained in this Section 5(b) shall supersede any remaining extension options available to the Tenant pursuant to the Original License and the First License Extension and Amending Agreement and all such remaining extension options shall no longer be in effect.

- (c) Section 7.12 of the Original License is hereby amended to provide the following addresses for notice to the Licensor:

The Corporation of the Township of North Huron
274 Josephine Street
Wingham, Ontario N0G 2W0
Attention: Pat Newson, Director of Recreation and Facilities
Fax: (519) 357-1110

and in the case of notice to the Licensee:

Ontario Infrastructure and Lands Corporation

Notices shall be delivered personally or by facsimile or mailed by either registered or signature mail and postage prepaid enclosed in a sealed envelope. The time of giving of notice by either registered or signature mail shall be conclusively deemed to be the fifth Business Day after the day of such mailing. Such notice, if personally delivered or if delivered by facsimile, shall be conclusively deemed to have been given and received at the time of such delivery. The parties hereto acknowledge and agree that notwithstanding anything to the contrary in the *Electronic Commerce Act, 2000*, S.O. 2000, c.17, as amended from time to time, any notice, statement, demand, request or other instrument which may be or is required to be given under this License or at law may not be validly delivered by way of electronic communication, save as specifically provided in this Section.

Either party may at any time by giving notice to the other party (in the manner provided above) change its address for notice purposes, and thereafter the address most recently provided shall be deemed to be the address so changed. "Business Day" means any day which is normally considered a regular day of business for most government offices for the Province of Ontario.

- (d) The Licensor agrees that upon the request of the Licensee, the Licensor, and any Person hired by the Licensor: (i) to do work on the Building; or (ii) who requires access to the Licensed Premises to do any work, whether to the Licensed Premises or otherwise, shall undergo security screening checks in compliance with Ontario Government policies. The Licensor further agrees that any Person hired by the Licensor to supply janitorial services to the Building shall be reputable and all of its employees shall be bonded.
- (e) All sections, clauses or provisions of the License which obligate the Licensee to pay interest to the Licensor for any reason whatsoever are hereby amended to delete the obligation of the Licensee to pay interest to the Licensor, in order to conform with the Licensee's obligation to comply with the *Financial Administration Act*, R.S.O. 1990, c.F.12, as amended.
6. The Licensor and the Licensee hereby mutually covenant and agree that during the Second Extension Term they shall each perform and observe all of the covenants, provisos and obligations on their respective parts to be performed pursuant to the terms of the License.
7. The Licensor and any of its successors, assigns, directors, officers, employees, agents, servants, and representatives shall not engage in any activity where such activity creates a conflict of interest, actual or potential, in the sole opinion of the Licensee, with the License or the exercise of any of the rights or obligations of the Licensor hereunder. The Licensor shall disclose to the Licensee in writing and without delay any actual or potential situation that may be reasonably interpreted as either a conflict of interest or a potential conflict of interest.

For clarification, a “conflict of interest” means, in relation to the performance of its contractual obligations pursuant to this License, the Licensor's other commitments, relationships or financial interests (i) could or could be seen to exercise an improper influence over the objective, unbiased and impartial exercise of its independent judgement; or (ii) could or could be seen to compromise, impair or be incompatible with the effective performance of its contractual obligations pursuant to this License.

8. Except as otherwise specifically provided in this Agreement, all words and expressions used in the Original License and the First License Extension and Amending Agreement shall apply to and be read as applicable to the provisions of this Agreement.
9. The provisions of this Agreement shall be interpreted and governed by the laws of the Province of Ontario.
10. The Licensor acknowledges and agrees that the commercial and financial information in this Agreement is subject to the *Freedom of Information and Protection of Privacy Act*, R.S.O. 1990, c. F.31, as amended.
11. This Agreement shall be binding upon and enure to the benefit of the administrators, successors and/or assigns of the respective parties hereto.

THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK.

12. This Agreement shall not be binding upon the Licensee until it has been executed by or on behalf of the Licensee.

SCHEDULE 1

CORPORATION OF THE TOWNSHIP OF NORTH HURON

BY-LAW 79- 2016

1. By-law 79- 2016 has the following purpose and effect:

This proposed Zoning By-law Amendment affects Concession 11, Part Lot 30 as Registered Plan 22R4466 Part 3 with Right of Way, East Wawanosh Ward, Township of North Huron. The By-law proposes to change the zoning to 'Agricultural Small Holding- Special Zone (AG4-10)' from 'Natural Environment- Limited Protection (NE2)' on the vacant severed portion of the subject property.

This rezoning is a condition of severance application B68-15 which severs a vacant residential lot. The proposed severed area is 0.93 hectares (2.3 acres) and the area subject to rezoning is 0.25 hectares (0.6 acres).

The severed lands require a zone change from 'Natural Environment- Limited Protection (NE2)' to 'Agricultural Small Holding-Special Zone (AG4-10)' to permit the construction of a new residential dwelling with the Special Zone provision of a 20 metre setback from the existing NE2 Zone boundary. The subject property is designated Natural Environment and Agriculture in the North Huron Official Plan.

The property is located on 85769 Beecroft Line.

This by-law amends North Huron Zoning By-law # 82-2008.
All other zone provisions apply.
